INSTRUCTIONS

- **MINIMUM LAB SAMPLE SIZE:** A little over a pound or 500 grams.
- **SAMPLE SELECTION:** Select representative samples of the batch, area or crop you wish analyzed.
- **SAMPLE PREPARATION – General – Unless otherwise specifically requested, only the edible portions will be analyzed.**
Send six or more representative field samples or divide part of each field sample into lab samples totaling at least the minimum sample size.
- **YOUR SAMPLE I.D.:** Be sure to use the same Sample I.D. each time you submit samples from the same crop and management area for the season as the previous sample. Your report will show previous sample analyses for the season, comparing changes from the previous line to the current sample.
- **SAMPLE PACKING AND SHIPMENT:** Samples are to be placed into leak-proof containers or bags, and packed in the shipping container to prevent any possibility of rupture or leakage of the sample container.
★ **SHIP OVERNIGHT ON ICE IF NECESSARY TO MAINTAIN FRESHNESS.** ★
- **REPORTS –** All Samples shown (up to four) on this submittal page will be shown on the same report.
